The Deputy Commissioner of the Kadur District in which the Subramanya Sub-division is situated has hitherto permitted to visit the Mysore for the inspection purposes for not more than 15 days during the occasion in each year. It is understood that a portion of the building so constructed should be placed at the disposal of the Government officers when they visit the place. force in Mysore, where benefit also to the family will validate an alienation. It is a question of fact in each case depending on the local circumstances whether the particular alienation is for - necessity or benefit. I suppose that there may not be necessity for the temple authorities in the sense that they want money to relieve pressure of creditors. If that factor be eliminated, then the alienation has to be supported on the ground of - benefit. What advantage it will be to the temple to change the character of the property from land to cash is a matter on which I cannot give an opinion as there are not enough materials in the file.

I think, on the whole, the present proposal to accept a free gift of the land and to put a - structure is not safe.

SIR,

Construction of a Bungalow in Kukke Subrahmanya, South Kanara District, for the use of the Mysore State Officers.

Letter No.C.2350/37 dated 16-3-1938
" " 15-12-1938

In forwarding herewith, copies of the marginally noted letters together with their enclosures, in original, received from the Deputy Commissioner, Hassan District, on the above subject, I have the honor to state that at present there is no accommodation at Subrahmanya for the officers of the Mysore Government, during their visit to that place My predecessor-in-office is stated to have opined, after his visit to the place, in December 1937, that the building contemplated to be handed over to the Mysore Government by the Temple Authorities was quite unsuited for occupation by higher officers visiting the place and that in such a place like Subrahmanya, where the Government of Mysore spends annually large grants of money, there is real necessity for a more decent building. The local officers have accordingly examined the question and have selected a plot of 1 acre and odd in S.No.121 which is reported to be situated close to the entrance to the village and which is sufficiently far-off therefrom, to ensure quietness during the bustle of the jatra. It is, further, stated that this site commands a very beautiful scenery of high hills and forests and that it is best suited from all points of view. The site is ascertained to be in the holding of the temple, and the Sub Division Officer states that the trustees not having any use for it, are likely to make it over to the Mysore Government, free of cost. The Deputy Commissioner requests that a reference may be made to the Government of Madras, in the matter.

The Deputy Commissioner also reports that as there is no indepen accommodation for the Taluk Sheristedar or the Amildar, when they go to supervise the Barahazar Santarpane, the building proposed to be placed at the disposal of the Mysore Government may be set apart for their exclusi use and a decent building at a cost of Rs 4,000 may be put up on the site proposed, the amount being met out of the sum of Rs 9,477-15-7, under the Barahazar Santarpane amounts as on 1st January 1939.

I request that sanction of Government may be kindly obtained to the proposal. I also request that a reference may be made to the Government of Madras, re. the making over to the Mysore Government, the site required for the purpose, free of cost.

Construction of a Bungalow in Kukke Subrahmanya, South Kanara District, for the use of the Mysore State Officers.

In forwarding herewith the records received from the Sub Division Officer, Saklespur, with his letter No.P.R.66-37 dated 12th February 1938 on the above subject, I have the honor to state as follows.

1. It is reported by the Sub Division Officer that the Muzrai Commissioner during his visit to Kukke Subrahmanya, in South Kanara District on the occasion of the last Champa Shasti, was pleased to state that the building contemplated to be handed over to Mysore Government by the temple authorities was quite unsuited for occupation by higher officers visiting the place and that in such a place like Subrahmanya where Government of Mysore spends annually large grants of money, there is real necessity for a more decemt building, which at times should be decent enough for the occupation of His Highness the Maharaja of Mysore, if occasion were to arise and that he was further pleased to instruct the Sub Division Officer to select a suitable site for the purpose and submit proposals in due course.

2. Accordingly, the Sub Division Officer has inspected new sites as described in the enclosed site-plans, with the Manjarabad Taluk Sheristedar, Agent of the Sri Subrahmanya Mutt and the local karnam. Of the two sites selected, one shown as cart-stand i.e., a portion of S.No.58 is reported to be unsuitable for the purpose owing to its low level. The other one i.e., a plot of 1 acre and odd in S.No.121 is reported to be situated just close to the entrance to the village besides being sufficiently far-off from village to ensure quietness during the bustle of the jatra, that it commands a very beautiful scenery of high hills and forests and that it is best suited from all points of view. The site is ascertained to be in the kx holdings of the temple and the Sub Division Officer states that the Trustees not having any use for it, are likely to make it over to Mysore Government, free of cost. A reference may kindly bem made to the Government of Madras in the matter.

3. As it is reported that there is no independent accommodation for the Taluk Sheristedar or the Amildar when they go to supervise the Barahazar Santarpane, the building proposed to be placed at the disposal of Mysore Government may as suggested by the Sub Division Officer be set

apart for their exclusive use and a decent building at a cost of Rs 40
may be put up on the site proposed. There is a balance of Rs 8976 as d

Balance on 1-1-38 in the funds of Barahazar Santarpane.

1. In cash book	...Rs 2676-3-3	tailed in the margin under Barahazar Santar-

Total amount at credit	...Rs 8976-3-3	1-1-38, and this amount is likely

to increase every year due to savings. The cost of the proposed building may be met out of this surplus. The payment of money to the building contemplated to be handed over to Mysore Government by the Committee of Trustees, for which a separate correspondence is going on, is reported to be from out of the seva funds unpaid for services in previous years and not from Barahazar Santarpane Funds.

From

Deputy Commissioner, Hassan District.

To

S. Abdul Majid, Esq., B.A.,
Muzrai Commissioner in Mysore, Bangalore.

Sir,

Construction of a Bungalow in Kukke Subrahmanya .Canara District for the use of Mysore State Officers.

With reference to your letter No.1308-37 dated 31-3-38 on the bove subject, I have the honour to state that the site in S.Nos. 3/1 and 3/2 of asaba Subrahmanya is reported to be the one which the previous Trustee Mr.B. nantararasarma had propose to give to ysore Government for the construction of a Dharmasala in 1919 but that no legal document had been executed by him to show that the said site pas ed into the possession of Mysore Government. Mr.K.T. Achar, Trustee and Honorary Secretary, of the Temple has in his letter dated 27-8-38 addressed to the Amildar of Hanjarabad Taluk stated that a portion of this site has been utilised for building the present chattram for which the payment of Mysore Government contribution is still under correspondence. Even if it were available, I have found, on personal inspection during my recent visit that it would not have been suitable for the construction of the bungalow proposed owing to its close proximity to the temple and other living houses and the bustle of the jatra. On the other hand, the site proposed by Mr.N.Madhava Rao, the previous Sub Division Officer, the site plan of which was already sent to you with my previous letter dated 18-3-38 is best suited for constructing the Bungalow as it is far off from the village and affords sufficient quietness during the bustle of the jatra. The site commands further a very beautiful scenery of high hills and

and forests in front.

2. There is no independent accommodation for the Taluk Sheristedar or the Amildar when they go to Subrahmanya. The portion of the chattram building contemplated to be handed over to Mysore Government by the Committee of Trustees may, as suggested in the previous letter, be set apart for their exclusive use. The building is proposed in this office letter of 18-3-38 is quite essential, and sanction may kindly be obtained for its construction.

3. A copy of the letter of the Honorary Secretary of the Trustees referred to in para 1 together with the Sub Division Officer's report No.C.680-34 dated 12-9-38 is herewith enclosed.

I have the honour to be,
Sir,

Deputy Commissioner,

Letter from the Secretary to the Government of Madras, Revenue Department, No.3364, dated the 14th December 1939.

Land Acquisition - (South Kanara) - Puttur Taluk - Kukke Subrahmanya village - Site for construction of bungalow for Mysore State Officers.

With reference to your letter R.Dis.No.F.423-39/Pol., dated the 18th July 1939, I am directed to state that it is understood that the Officers of the Mysore Government originally contemplated the acquisition of a plot in R.S.Nos.138/2 and 138/3 (portions of old S.No.121) of Subrahmanya village, Puttur Taluk, South Kanara District, and that later the Deputy Commissioner of Hassan selected another site in S.No.86/7 of Subrahmanya village both sites belonging to the Sri Subrahmanya Temple. It is reported that the Temple authorities are willing to transfer to the Mysore Government free of charge either an acre of land in R.S.Nos.138/2 and 3 or the site in S.No.86/7 whichever the Mysore Government may prefer. I am directed to state that the Government of Madras have no objection to the Mysore Government negotiating with the temple authorities and obtaining from them either of the properties referred to subject to the payment to this Government of land revenue fixed on the land. It is presumed that the Mysore Government have satisfied themselves about the legal competency of the Temple authorities to alienate the land.
